Girls like flowers, or a greeting on March 8

Girls like flowers

Women like jewels

princes meet princesses

And they get married together in the palace.

"No, I will not marry you,

Because I don't need you!"

i will meet you

In some bar where you will be rich.

if you want to marry me

Do me 3 favors

Make a record first

Let's get married!

Second prepare the cake,

So that the guests have a delicious

And finally I will tell you;

Yes! word if you say first

Let's dance the wedding waltz

And you will give birth to 3 children!
